ERR – Enhanced Reporting Submission Request: Data Items

Audience

This document is for any software provider who has chosen to build or update their products to allow for Enhanced Reporting Requirements.

Document context

This document provides a non-technical overview of the data items in an Enhanced Reporting submission. This document is designed to be read in conjunction with rest of the Revenue Commissioners' ERR documentation suite including the relevant technical documents.

Note on 'Conditional' data items:

Where the data item is applicable, the field is mandatory and must be completed. Where the data item is not applicable, the field is not required to be completed. For example, the Number of Days field is conditional. This means that if the operator makes a submission that includes Remote Working Daily Allowance, this field is mandatory.
