## Enhanced Reporting Requirements – Request Monthly ERR Report: Data Items

### **Audience**

This document is for any software provider who has chosen to build or update their products to allow for Enhanced Reporting Requirements.

### **Document context**

This document provides a non-technical overview of the data items in a Monthly ERR Report download. This document is designed to be read in conjunction with rest of the Revenue Commissioners' ERR documentation suite including the relevant technical documents.

### ***Note on 'Deleted Line Items':***

Totals from previously deleted line items will not be included in the response unless they have been resubmitted.

### ***Note on 'Invalid Line Items'***

Totals from invalid line items will not be included in the response.

### **Note on 'Conditional' data items:**

*Where the data item is applicable, the field is mandatory and must be completed. Where the data item is not applicable, the field is not required to be completed. For example, the Agent TAIN field is conditional. This means that if an agent is requesting the Monthly ERR Report Download, this field is mandatory.*
